## Product Description

### Outdoor Full Color SMD Advertising LED Display P4 LED Video Wall led large screen display hd led backlit display

#### Key Specifications/Special Features: Waterproof outdoor commercial advertising RGB full color P4 SMD LED video display screen

1. Brand new mask design makes the light from LEDs almost non-reflection.
2. Cabinet design of the module uses high temperature spraying technology to improve the anti-rust function greatly.
3. The flatness of module erection side is controlled within 0.2mm, so as to ensure the flatness of the whole LED display.
4. Good uniformity in color solves the problem of the mosaic well.
5. With wave-soldering process and green oil protection from oxygen on PCB, preventing the circuit from moist and oxygen, so as to increase the lifetime of LED display.
6. Utilization rate of power supply is improved a lot, reducing the failure rate of the power supply.
7. Good cooling system with high quality fans make the LED display working stable in high temperature and ensure it is safe and long life.
8. Using good quality silicone gel in the front and waterproof rubber in the rear to improve the waterproof performance of LED display.
9. Applied to all kinds of the severe environment outside because of its high reliability, high brightness and high performance on waterproof and dustproof beyond IP65.
